Number 5

COMMENT SHEET

DATE: May 11, 2010

Comments:

1. Outstanding zoning / permit question: What is the variance regulation with the permit given on 18100(?) Patterson Road (99 yr lease to even out property.) Owners removed orange groves; changed material use of land which is county owned / cleared land - (about 24 yrs ago)

2. How is the State ~~to~~ Rural area impacted (affected by the County designation + / or the Community Plan? Is there a State designation of the Keystone area?
