

Welcome to the Keystone-Odessa Community Plan Update Open House

The Community has met 18 times in the process of updating the Keystone-Odessa Community Plan.

Tonight we have brought the proposed changes to the 2001 adopted plan, with changes shown as strikethroughs and underlines.

We have also brought a preference survey to measure the community's response to 5 transportation alternative proposals intended to address roadway safety and traffic flows issues which were raised by citizen participants in the update.

This Open House is an opportunity for citizens to view and comment on the work that the advisory committee has developed. Please review the proposed changes to the community plan and complete the Preference Survey.

Staff is on hand to answer questions today. All materials will be available on the website. <http://tinyurl.com/keystone-update>

Your comments today will help us with future topics to be addressed.

Thanks for coming!
