

SOUTHSHORE Transit Study Reevaluation

Want better transit service?

You are invited to participate in a public meeting for the SouthShore Transit Study. The purpose of the study is to analyze possible improvements to the transit service in the SouthShore area. This study serves as an update to the SouthShore Transit Study conducted in 2014. We will reevaluate the current transit needs for the communities of: Apollo Beach, Boyette, Gibsonton, Riverview, Ruskin, Sun City Center, and Wimauma. Improvements will focus on opportunities such as on-demand service, public-private partnerships, and the efforts of non-profit organizations and others. Please attend and join in on the discussion!
