Questions & Answers Pertaining to the Letters of Request-2023 GPC

As of January 23, 2023

1) Will there be an interview process following the LOR submissions as in past years or will GPC Consultant selection be based solely on the 5-Page LOR?

   a. There is no interview component as part of the process. It will be based on the LOR.

2) Are website links allowed in the LOR?

   a. You may include links but be mindful that it doesn't mean the evaluators will click on such so I would not link it to important information. The evaluators will be looking at those 5 pages you submit and do not have to look at anything else provided.

3) To clarify the selection process, how many teams will be selected?

   a. There is no set amount.

4) Is there any specific format requirements for the Letter of Response in terms of font size, style and margins?

   a. No.

5) Does a cover page count towards the 5-page limit?

   a. Yes

6) Is it a requirement for selection for a team to have all of the services laid out in the RFP, or can a team propose on specific services and be selected based on their competency in those areas?

a. The consultant (or their team) needs to offer the core services listed in the RFP. The consultant is not required to meet any or all of the optional services.

7) Where can I find the Bid Opportunity Form?

a. [Bid Opportunity List Form.docx](Bid%20Opportunity%20List%20Form.docx)
