

# VISIONZERO

## DO YOU FEEL SAFE ON

## N 15TH STREET ?

### What is Vision Zero?

Vision Zero is an approach to reducing the number of fatal and serious injury crashes to ZERO and ensuring **safe, healthy, and equitable mobility** of all. Vision Zero is achieved through

- Low-cost engineering strategies,
- Public education strategies,
- Community-oriented law enforcement, and
- Focus on design standards.

This study is focused on improving safety on N 15th Street from Fletcher Avenue to Fowler Avenue.

### Project Information

N 15th Street from Fletcher Avenue to Fowler Avenue is considered part of the High Injury Network (HIN) due to the **high number of fatal and injury crashes** that occurred between 2014 and 2018. The purpose of the N 15th Street project, managed by the Metropolitan Planning Organization (MPO) and Hillsborough County's Engineering and Operations Department, is to **enhance safety and mobility** on N 15th Street *for everyone*.

### Get involved!

**Do you have ideas for making N 15th Street safer?**
