

SCTPA

Sun Coast Transportation Planning Alliance

TMA LEADERSHIP GROUP
A Subcommittee of the SCTPA Representing the
MPOs in Hillsborough, Pasco & Pinellas Counties

March 11, 2022 - 9:30 a.m.

Quarterly Meeting Host: Hillsborough TPO
Chair: Kimberly Overmann, Hillsborough TPO
Vice-Chairs: Kathryn Starkey, Pasco MPO/ Dave Eggers, Forward Pinellas

There are three ways to participate in this hybrid meeting:

1. In person at FDOT District 7, 11201 N. McKinley Blvd., Tampa
Please RSVP to [Cheryl Wilkening](mailto:Cheryl.Wilkening@flhhs.com) to ensure room capacity.
2. Virtually from your computer, tablet, or smartphone:
<https://attendee.gotowebinar.com/register/7389377165874913294>
Register in advance to receive a personalized link for your calendar.
3. By phone in listen-only mode: 1-631-992-3221 Access Code: 704-865-165

AGENDA

1. **Call to order & welcome** – Commissioner Kimberly Overman, TMA Leadership Group Chair
2. **Public comment** – *3 minutes per speaker, please*
3. **December 10, 2021 meeting summary approval**
4. **Update on planning with respect to CSX-owned rail corridors** – *20 minutes*
 - FDOT update – Ming Gao, FDOT District 7
 - TBARTA update – Brian Pessaro, TBARTA
 - FL MPO Advisory Council Freight & Rail Committee – Beth Alden, Hillsborough TPO
 - Regional LRTP Needs Assessment – Chelsea Favero, Forward Pinellas
5. **Update on water transit** – *20 minutes*
 - Cross-Bay Ferry – Tom Fass, Hillsborough County
 - Waterborne Transit in Pinellas – Whit Blanton, Forward Pinellas
6. **Update on regional trails** – *10 minutes* – Tina Russo, Pasco MPO, Multi-Use Trails Chair
7. **Legislative update** – *20 minutes*
 - 2022 Florida Session Highlights – Mark Reichert, FL MPO Advisory Council
 - FY23 Budget Earmarks – Richard Moss, FDOT District 7

~ ONE REGION, ONE VOICE ~

8. Old & new business

- [Tampa Bay Regional Resiliency Leadership Summit](#), April 5-6
- Next meeting: Friday, June 10, joint meeting of SCTPA with Central Florida MPO Alliance, Polk County location

9. Adjourn

The full agenda packet as well as links to recordings and presentations given will be available on the Sun Coast Transportation Alliance website, www.SunCoastTPA.org, within a week of the meeting.

The Sun Coast Transportation Alliance and its member MPOs and TPOs do not discriminate in any of their programs or services. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status.

Persons needing interpreter services or accommodations for a disability in order to participate in this meeting, free of charge, are encouraged to contact the MPO/TPO in their area, or the Alliance at info@suncoasttpa.org or 727.464.8250, three business days in advance of the meeting.

The Alliance cannot ensure 508 accessibility for documents produced by other agencies or organizations.

In accordance with Title 17 U.S.C. Section 107, materials attached are for research and educational purposes, and are distributed without profit to Alliance members, staff, or related committees or subcommittees the Alliance supports. The Alliance has no affiliation whatsoever with the originator of any attached articles nor is the Alliance endorsed or sponsored by the originator. Persons wishing to use copyrighted material for purposes of their own that go beyond 'fair use' must first obtain permission from the copyright owner.

If a person decides to appeal any decision made by the board, he or she will need a record of the proceedings, and for such purpose may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

Hosted by the Pasco County MPO

This joint public meeting of the SCTPA and TMA Leadership Group was conducted on December 10, 2021 at the FDOT District Seven Headquarters in Tampa, FL. A recording of the meeting is available here: [December 10, 2021 SCTPA, TMA Meeting](#).

1. Call to Order & Introductions

Kimberly Overman, Chair of the Tampa Bay TMA, called the meeting to order. Self-introductions were made.

2. Public Comment

In Person:

Ron Weaver expressed his desire to see the 500 million dollars collected in Hillsborough County, which is currently in limbo due to legal issues, restored to transportation funding. Mr. Weaver also expressed his support for the November 2022 ballot item to revive the 1 cent sales tax in Hillsborough County to fund transportation initiatives.

Virtual:

Mauricio Rosas expressed his support for the 1 cent sales tax in November 2022 and expressed his desire to see the 500 million dollars previously collected used to fund transportation. Mr. Rosas also expressed his desire for regional rail connectivity facilitated by Amtrak and Brightline in the Tampa Bay area. Mr. Rosas urged everyone to action to plan commuter rail in the region and for regional counties to come together to fund commuter rail.

Chris Vella expressed his desire to see an end to funding of highway projects. Mr. Vella also expressed his support for regional rail, although he does not want to see rail connections through the downtown interchange.

Jackie McMullen advocated for regional rail as a high-quality alternative to automobiles. Ms. McMullen expressed support of local, regional, and statewide coordination.

Clinton Morris expressed his desire to see a coordinated effort to bring regional and passenger rail to the Tampa Bay area to maximize state, local, federal, and private funding. Brightline, FDOT, and Amtrak should build a dedicated passenger rail line along I-4, with separated freight and passenger traffic to minimize conflicts.

3. Alliance Business Meeting

Ms. Overman turned the meeting over to the Chair of the SCTPA, Kathryn Starkey.

a. Approval of Minutes, SCTPA Meeting of June 25, 2021

Ms. Long made a motion to approve the minutes of the SCTPA meeting of June 25, 2021 and the motion was seconded by Jack Marino. The motion passed unanimously by voice vote.

b. Approval of Minutes, TMA Leadership Group Meeting of September 17, 2021

Jack Mariano made a motion to approve the minutes of the SCTPA meeting of September 17, 2021 and the motion was seconded by Mike Moore. The motion passed unanimously by voice vote.

c. Approval of 2022 Meeting Calendar

Carl Mikyska presented the proposed 2022 SCTPA and TMA meeting calendar. Jack Mariano made a motion to approve the proposed 2022 meeting calendar and the motion was seconded by Mike Moore. The motion passed unanimously by voice vote.

d. Adjustments to Regional Priorities for Major Projects

Carl Mikyska presented the major regional transportation priorities. Mr. Mikyska stated regional coordination is important considering the rapid population growth in the Tampa Bay region. Mr. Mikyska highlighted regional projects that were funded due to collective regional support. Mr. Mikyska highlighted unfunded priorities for the TMA Group including: I-75 interchange at Gibsonton, I-275 express lanes from I-375 to Gandy Blvd., regional rapid transit in the I-275 corridor, HART's exploration and negotiations with CSX for right-of-way for use on passenger rail, and the SR54/US41 intersection. SCTPA unfunded priorities include: Central Polk Parkway segment 1, US41 from SR44 to SR200, Desoto Bridge replacement, Bradenton-Palmetto Connector, and CR557 from US17/92 to I-4. Discussion began with Ms. Starkey commenting on SR52. David Gwynn stated there could be a benefit to adding SR52 to the priority list to facilitate TRIP funding for the remainder of the widening project. Ms. Starkey requested the TMA priority list be changed to add SR52 to the priority list and remove the SR54/US41 intersection project until the SR52 widening project is fully funded. Whit Blanton suggested the SR52 project be added to the list of TRIP regional priorities. Other TMA Group members suggested adding the SR52 project to both the TMA Group priorities list and the regional TRIP list. Jack Mariano and Mike Moore both expressed concerns regarding the removal of the SR54/US41 from the TMA Group priorities list. Jack Mariano made a motion to add SR52 to the TMA Group unfunded priorities list. Janet Long seconded the motion. The motion passed unanimously by voice vote. Jack Mariano made a second motion to add SR52 to the SCTPA unfunded priorities list and approve the SCTPA priorities list. Janet Long seconded the motion. The motion passed unanimously by voice vote.

e. Gulf Coast Safe Streets Summit 2021 Report & Save the Date for November 2-4, 2022

Whit Blanton presented an update on the Gulf Coast State Street Summit that took place on November 2-4, 2021. Mr. Blanton acknowledged the work of his staff and other regional MPOs for their efforts to coordinate the summit. Mr. Blanton stated the summit is an opportunity for MPOs to come together to discuss safety. Mr. Blanton also acknowledged the Tampa Bay areas is one of the least safe areas in the country for vulnerable road users. The Polk TPO will host the next Gulf Coast Safe Streets Summit, scheduled for November 2-4, 2022.

4. State Passenger Rail Workshop

a. Introduction

Jennifer Carver of the FDOT introduced the passenger rail workshop by stating the FDOT has recognized the need for a new statewide passenger rail strategy. The purpose of the passenger rail workshop is to inform about statewide passenger rail activities, receive input on how the FDOT can support passenger rail, and to identify collaboration opportunities.

b. Statewide Vision

Brad Thoburn of the FDOT presented an overview of the statewide transportation vision. The statewide vision is based on 4 areas: promoting safety in all transportation modes, enhancing mobility, inspiring innovation, and attract and retain talent. Passenger rail is a key component in the FDOT statewide vision. FDOT passenger rail planning is comprised of the state Florida Transportation Plan, Rail System Plan, future Transit Strategy Plan, and SIS Policy Plan.

- Janet Long asked about rail partners at the statewide level and the need for a clear understanding of what the statewide policy is regarding passenger rail. Jacksonville, Orlando, and south Florida are ahead of the Tampa Bay area in passenger rail planning. How does the state equitably fund passenger rail in these areas?
 - Mr. Thoburn responded by stating that one of the purposes for this meeting is to begin the conversation about the FDOT role in passenger rail in the Tampa Bay area. The state has made investments in central and south Florida systems through partnerships. The discussion today is how do we partner in this area. The FDOT has learned lessons in the other areas that can be used to shape the FDOT planning approach in this region.
 - Ms. Long stated the conversations have been ongoing for 50 years and it is time for action.

c. Moving from Vision into Implementation

Kenyatta Lee of FDOT presented FDOT long range vision for passenger rail in the region and the plan to implement the vision. Historically, rail initiatives in the state have been driven by individual projects. The FDOT's new approach is to focus on a long-range vision to drive rail initiatives. The state currently has three types of passenger rail systems: intercity passenger trains that connect major population centers (Amtrak, Brightline), commuter trains that provide regional mobility (TriRail and SunRail), and urban transit systems which rapidly move people in metro areas (Miami-Dade MetroRail and MetroMover, Tampa Streetcar, and Jacksonville Skyway People Mover). FDOT passenger rail strategies include creating a public-private model, assessing public-private partnerships, preservation of existing rail corridors, and strategizing capital funding. FDOT regional passenger rail strategies include leading planning and development, ensuring regional and local funding mechanisms, accessing, and acquiring right-of-way for strategic corridors, and providing capital and initial operating funding. Urban passenger rail strategies include supporting local partnerships with planning and development of passenger rail systems, providing

state oversight, assessing impacts on state facilities, and providing capital and initial operating funding.

d. Facilitated Discussion

- Joseph Citro stated the population of Tampa doubles during the weekday, as workers commute to the city for work. The terminus of Brightline will be at Ybor City. We need the FDOT's help to begin thinking about the future of a multi-modal hub in Tampa, which will serve as the hub of HART. The priority ranking of the multi-modal hub has fluctuated over the last 35 years. The federal government has available funds, the FDOT has available funds; however, the local agencies do not have available funds. Mr. Citro specifically asked FDOT for help with rail from downtown Tampa to the airport, a multi-modal hub, and assistance with funding, with the understanding that local governments must help with funding. Mr. Citro asked to move the rail priority from downtown Tampa to the airport to facilitate rail from Pinellas to the airport.
- Jeff Holcomb commented on the good metro systems in Baltimore and Washington, DC. In this area, there is still a need for investment in the highway system. We need to think about the transit process in steps. How would someone get from Hernando County to MacDill Air Force Base? Step 1 in this process is getting everyone to a central hub and from there taking surface transportation alternatives. Transit needs to be able to get everyone in the region to the places they live, work, and play.
- Jack Mariano displayed a map of available rail corridors provided by CSX in 2016. CSX was willing to negotiate a deal involving the Brooksville to Tampa lines, and the lines from USF to Clearwater and St. Pete. Those lines were never negotiated. When Brightline comes into Tampa, rail infrastructure will be needed to carry riders to their final destination. Acquisition of the two CSX lines discussed in 2016 should take priority over other negotiations.
- Mike Moore recalled a presentation to TBARTA in 2014 concerning bus rapid transit. The proposed route did not include Pasco County or St. Petersburg. BRT should come before rail and we cannot get that done. Assess the demand with BRT first. The cause of the lack of movement in transit planning in the area is parochialism. Mr. Moore questioned how rail transit can be accomplished if the area cannot successfully implement BRT. SunRail still cannot cover their cost. Mr. Moore advocated for widening I-275 in Hillsborough County to make BRT possible.
- Whit Blanton stated BRT is under construction from downtown St. Petersburg to the beaches, which is envisioned to be the first leg of a regional BRT connection. Mr. Blanton asked if state agencies other than the FDOT are engaged in the FDOT passenger rail vision. The new federal infrastructure bill is now providing a link between affordable housing, job development, and transportation investment. The Department of Economic Opportunity, Dept. of Environmental Protection, resilience, and sustainability considerations need to be considered at a statewide level.
 - Mr. Thorburn responded by stating state stakeholders are coordinating on the statewide rail plan, and the FDOT is determining what their role can be in statewide coordination for passenger rail in the Tampa Bay area.

- Commissioner Long noted stakeholders have different understandings of what has occurred in the local region concerning passenger rail. The transportation vision has been established since 1972, and little progress has been made. Ms. Long lamented the decision in the early 2000s to return federal funding to support passenger rail, which eventually went to Salt Lake City, Utah. Ms. Long suggested a visioning session to plan the next 50 years of transportation in the area. Ms. Long referenced other large cities that have successfully implemented passenger rail and noted the model of how to implement passenger rail is already established.
- Commissioner Kemp expressed her excitement about the conversation and noted her citizen activism for passenger rail that began in 2013. Ms. Kemp noted the rail corridor from USF through Ybor City to downtown Tampa and MacDill AFB is underutilized by CSX. Ms. Kemp also noted the corridors for these passenger rail routes exist today. Existing rail corridors also exist for Clearwater and St. Petersburg routes. In Orlando, existing track conversion for SunRail cost 20 million dollars a mile. Ms. Kemp compared that price to the I-275 roadway project that cost 120 million dollars a mile. Ms. Kemp also noted once a day Amtrak service from Tampa to Orlando already exists, and Ms. Kemp would like to see increased daily service.
- Commissioner Overman expressed the importance of regional connectivity within the commuter rail system. Ms. Overman stated prioritization of the process is also critically important. Ms. Overman referenced the political issues that have prevented a passenger rail conversation in the past. Ms. Overman stated her understanding that CSX will only negotiate the entire rail line, but identifying the individual pieces is helpful in recognizing opportunities. Ms. Overman noted the population growth in the region and the failure of the roadway system to accommodate the increasing population, making urban and regional rail even more critical. Ms. Overman addressed the concerns expressed by Mr. Moore by stating Hillsborough County residents are weary of rapid rail because of past economic injustices associated with redevelopment in Hillsborough County during the 1950s and 1960s. Local funding is also a roadblock to commuter rail implementation.
 - Mr. Thorburn agreed that prioritization is important from the FDOT perspective, especially when making programming decisions.
- Commissioner Starkey stated in October, Pasco County issued the largest number of single-family housing permits in the country. Four of the five counties in TBARTA agree that bus rapid transit is the most efficient and cost-effective way for regional mobility. Ms. Starkey stated that currently, there is state support for bus rapid transit. While Pasco, and other regional counties support bus rapid transit, Hillsborough will not support bus rapid transit funding. Currently, TBARTA is studying bus rapid transit on US19; however, Pasco County will need more options for bus rapid transit based on the limited connectivity between east and west Pasco County. We have a multi-modal solution in bus rapid transit that the state will support now.
- Commissioner Hutchinson recommended modeling statewide and regional rail strategies after the interstate system rather than local transit systems by adding

operational funding to the initial start-up funding to ensure sufficient maintenance of the rail system after start-up.

- Commissioner Cohen stated Hillsborough is already at a breaking point concerning traffic congestion limiting mobility. Leadership needs to move faster to mitigate the situation for the next 50 years. Mr. Cohen asked who has the authority to negotiate with CSX concerning acquiring rail lines. The area has not been able to move from a general discussion of track availability to negotiating for acquiring tracks. In the city of Tampa, CSX tracks are underutilized, and have large amounts of right of way with them that can be used for other purposes. In terms of bus rapid transit, bus and rail are not mutually exclusive. Tampa has historic neighborhoods that will be affected negatively by expressway expansion to accommodate BRT. The interests of other stakeholders will need to be considered to move BRT planning forward. It is possible much of BRT can be accomplished with existing right of way. We need both forms of rapid transit due to the growth of downtown Tampa. If the status quo continues, automobile traffic in the city will be gridlocked. The city needs a multi-modal center to accommodate growth.
 - Mr. Thorburn responded that CSX will talk but they do not want to dedicate resources unless they perceive that there is a real project, so if there is not a feasibility or PD&E study, CSX does not perceive a project. The area will not be limited to one project. Using Miami-Dade as an example, that area is pursuing six projects that are in various stages based on the area's set priorities.
- Commissioner Felder questioned demand for rapid transit after the Covid-19 pandemic. FDOT should be conducting an economic analysis considering new trends after the pandemic, including working from home. Larger cities have also seen lower income service workers are still using public transportation because they have no other alternative, which suggests BRT may have higher ridership post Covid. Brightline and regional rail are important for the tourism industry.
 - Mr. Thorburn responded that any project funding will be dependent on ridership and cost-benefit analysis, and post-Covid is a challenging time for ridership.
- Commissioner Eggers stated leadership, organization, prioritization, and speaking as one voice are critically important. Projects are not mutually exclusive, which is why prioritization is important. Engagement from the public is also important.
 - Ms. Lee stated the FDOT is working with transit agencies across the state, and there are discussions about a marketing campaign to engage with residents about the importance of public transit and how public transit is being utilized to improve mobility.
- Commissioner Baugh stated Florida's larger cities need to be prioritized for inner city rail as a starting point based on realistic funding opportunities. Rail routes can then branch out from the cities.

e. Next Steps

- Mr. Thorburn stated this meeting is the beginning of a continuing conversation to get input into the state's role in passenger rail as part of the statewide rail plan, which will be updated December 2022. In the meantime, the FDOT will examine possible actionable steps involving passenger rail. The SIS policy plan does include significant changes that will advance transit and regional transportation systems.
- Ms. Overman requested that the SCTPA continue these conversations at the scheduled 2022 SCTPA meetings that were approved earlier in this meeting to keep momentum moving.
- Mr. Mariano stated the region has strong representatives in the House of Representatives and Senate. Now is the time to formalize what priorities the SCTPA wants to establish regarding BRT and RRT. Mr. Mariano specifically stated the SCTPA needs to prioritize BRT and CSX negotiations and requested the FDOT regional and state officials to be at the negotiating table with the regional MPOs.
- Ms. Overman stated negotiations with CSX for the Hillsborough Area Regional Transit Authority (HART) project, as well as RRT on I-275 are on the SCTPA priority list. The negotiations with CSX will be challenging if HART is the only organization at the negotiating table. Ms. Overman recommended that a motion should be put forth to reinforce SCTPA support for those priorities.
- Mr. Mariano made a motion to support BRT and negotiations with CSX for the available Brooksville and Clearwater rail lines and the motion was seconded by Commissioner Moore. The motion passed unanimously by voice vote.
- Ms. Overman suggested a further conversation at the March SCTPA meeting to address the negotiations with CSX and SCTPA support for BRT.

5. Rail in the West Central Florida Region

a. Introduction

Beth Alden from the Hillsborough TPO presented TBARTA and SCTPA alternatives to move the rail conversation forward. "It's Time Tampa Bay" feedback of residents showed the two top rated elements for transportation plans were statewide rail and local/regional rail. Ms. Alden highlighted Brightline connectivity alternatives to prepare for Brightline connectivity to the Tampa Bay region. Ms. Alden summarized the available CSX rail lines and CSX negotiation guidelines as of September 2015. Vehicles that utilize CSX tracks must be crash-worthy for safety concerns. The cost estimate for passenger rail service for the downtown-USF corridor is roughly \$54-69 million per mile, compared to estimate for Sunrail at \$10.7 million per mile. Ms. Alden also highlighted sow usage on several CSX tracks. The roadblock to regional rapid transit in the region is not availability of worthy projects but finding local and regional funding sources to match federal dollars.

- The presentation generated a discussion of funding sources and structures for transit in individual counties. Hillsborough and Pinellas Counties are the only counties in Florida that fund their transit agencies through ad valorem taxes, which leaves transit agencies extremely underfunded in these counties. The remaining counties in Florida fund transit through county funds.

Continuing the presentation, Ms. Alden reiterated the bus system cannot be neglected to focus on rail. The timeline for larger capacity projects for rail service is estimated at 7-12 years from project development to revenue service, while the estimated timeline for smaller projects is 5-9 years, underscoring the need for immediate action.

b. Rail Corridor Assessment

David Green, Executive Director of TBARTA, presented a map of the Tampa Bay CSX rail corridor. TBARTA is interested in conducting a mode agnostic assessment of best uses in the rail corridor throughout the 5 county TBARTA region. TBARTA will work with MPOs and transit agencies to develop a scope of work and hire a consultant in early 2022.

- Mr. Mariano commented that rather than an analysis of the entire rail network in the region, he would like to see a focus on the Brooksville and Clearwater lines that CSX has already offered for negotiation. Other routes that connect to those lines could be added.
- Mr. Moore recommended a total cost assessment that leaders can take to their constituents to gauge public interest.
 - Secretary Gwynn stated the cost of acquiring right of way, upgrading or replacing track, and upgrading crossings will have to be considered.
- Mr. Mariano stated engagement with CSX should take place to determine the cost of acquiring the proposed tracks and then determine the feasibility.
- Mr. Cohen asked what entity will lead the discussions with CSX.
 - Commissioner Starkey responded that TBARTA and the FDOT should be empowered to lead negotiations.
 - Mr. Blanton stated the SCTPA should be the convening organization to establish priorities, with support from TBARTA.
- Commissioner Felder stated it may be premature to select an entity to lead CSX negotiations due to the lack of a current feasibility study.
- Ms. Starkey made a motion that TBARTA conduct the proposed study with the FDOT and Ms. Baugh seconded. The motion passed unanimously by voice vote.

c. Regional Needs for 2050

Chelsea Favero presented the regional needs for 2050. Ms. Favero proposed that the SCTPA utilize the SCTPA Long Range Transportation Plan (LRTP) updates process to further the regional rapid transit conversation. She reiterated that for a project to be funded, it must be listed in a LRTP. The LRTP update process can identify priorities and the rationale for projects so they are eligible for state funding. The first step in this LRTP update process is a regional needs assessment to identify where the regional needs are. Ms. Favero presented the timeline and process to update the SCTPA LRTP.

6. Old & New Business

- After some discussion, Ms. Starkey made a motion that the SCTPA send a letter of support for regional rapid transit to Representative Webster concerning the intentions of the SCTPA to

move forward with planning for regional rapid transit in the region. The motion was seconded by Mr. Cohen. The motion passed unanimously by voice vote.

7. Adjourn

The next meeting of the TMA Leadership Group will occur on March 11, 2022 from 1:30 pm to 5:30 pm.

Agenda Item

Update on Planning with respect to CSX-owned Rail Corridors

Summary

At December's meeting, the Florida Department of Transportation held a listening session with the TMA Leadership Group and SCTPA regarding its currently ongoing update of the FDOT Rail System Plan. More listening sessions are to be scheduled around the state.

In addition, TBARTA discussed its upcoming rail corridor assessment, receiving direction to focus on the CSX-owned Brooksville and Clearwater Subdivisions; and Forward Pinellas discussed an upcoming SCTPA jointly-funded study to review needs at the regional level as an input to each of the MPOs'/TPOs' long range transportation plans for 2050.

Since then, the Federal Rail Administration (FRA) released a request for information, seeking comments about the new Corridor Identification and Development Program created in the Infrastructure Investment and Jobs Act. FRA will establish the new program by May 14, and is seeking information about how it can best serve stakeholders and the public in facilitating the development of intercity passenger rail corridors. The Florida MPO Advisory Council has invited both FRA and Amtrak to speak about what the new program means for state and regional collaboration on passenger rail service, at an upcoming workshop of the MPOAC's Freight and Rail Committee.

Brief updates on each of these initiatives will be provided and staff will be available to answer questions.

Update on Water Transit

Summary

Particularly in Pinellas and Hillsborough Counties, water transit provides opportunities to create new connections both within counties and between them. Following up on the four-way agreement last summer/fall to reinstate service between St. Petersburg and Tampa, Hillsborough County will update the Leadership Group on the Cross-Bay Ferry's progress to date. Further, Forward Pinellas will share news from its Waterborne Transportation Committee, which brings local governments together to partner on opportunities.

Latest numbers suggest Cross Bay Ferry has almost recovered from the pandemic

Feb 16, 2022, 7:00am EST

With a new grant in tow, the Cross Bay Ferry is staring down a promising future set to include a new boat, year-round service and a long-awaited connection between South Hillsborough County and the MacDill Air Force Base.

But first, let's look backward.

In the first half of the 2019-20 season, the Cross Bay Ferry set its personal passenger record with more than 33,000 riders.

In 2020-21, that number was just under 21,000.

This season, the ferry between Tampa and St. Petersburg has attracted just under 30,000 people, according to data from operator HMS Ferries.

"The Covid year, we had great ridership. We're still rebuilding to that," said Ed Turanchik, attorney for HMS Ferries.

"Ridership each month has been higher than last year ... and the economic impacts have been continuing to be very positive."

Overall revenue this year stands at \$309,515, in line with projected revenues of \$309,400. The standard round-trip adult fare is \$20.

It raked in \$78,366 in January, which was about \$13,000 less than expected. It couldn't run service on Saturday and Sunday during Tampa's Gasparilla weekend, affecting the

TBBJ

The Cross Bay Ferry won a \$4.9 million federal grant on Monday, Feb. 14, after months of high ridership.

bottom line.

HMS Ferries can operate under a more flexible schedule when it owns its own boat, Turanchik said. Right now, the lease restricts service to 32 trips per week.

The ferry serves as an economic development engine, with almost 70% of recent survey respondents indicating they spent more than \$40 in their destination city. Over 25% of ticket sales in January were from out-of-state residents, a significant increase from December.

HMS is also ramping up its outreach campaign. It held meetings last month with groups including Visit Tampa Bay, Visit St. Pete Clearwater, the Ybor City Chamber of Commerce and the South Tampa Chamber of Commerce. But it also made "introductory communications" with Vinik Sports Group, Jabil, Raymond James Financial, Ashley Furniture, ConnectWise and others.

The campaign is scheduled to culminate with a group sales and networking event in March in conjunction with the chambers of commerce, according to the Cross Bay Ferry monthly report.

Controversies still remain around the ferry, however. The \$4.9 million federal grant for a new boat will help, but more funding is needed. The source of that funding will need to be well thought out, as Hillsborough County has over a billion in unfunded transportation needs.

And operating a ferry between MacDill and South Hillsborough would likely require an additional \$36 million investment into a new terminus. The high cost convinced Hillsborough County Commissioner Ken Hagan to vote against evaluating Mosaic's Big Bend site in January 2021, he told the Tampa Bay Business Journal.

There's also the issue of the new boat's power source. Pinellas County Commissioner Janet Long wants it to be all-electric and was disappointed to hear that wouldn't be the case.

"I said to [HMS Ferries], 'I don't want to hear you say to me, that you can't do it, that the technology is not there yet,'" Long told the Business Journal in December. "The technology is there, and you just need to put your brain around figuring out how to make it work for your purposes."

Turanchik said the idea is not feasible since there wouldn't be time to charge the boat between unloading and loading. Car ferries can be electric because they have time to wait.

"The technology for electric ferries for this kind of [grant] application doesn't exist just like it doesn't exist for long-haul, 18-wheel trucks," Turanchik said. "It takes really substantial infrastructure and it's very costly."

Press Release

DOT HARTs Tampa on Valentine's Day

\$4.9M grant will support expansion of ferry service

Washington, February 14, 2022

Tags: [Infrastructure](#) , [Legislation](#) , [Jobs & Economy](#)

Today, U.S. Rep. Kathy Castor (FL14) announced that the Department of Transportation will award the Hillsborough Area Regional Transit Authority (HART) \$4,863,280 through the FY 2021 Passenger Ferry Grant Program.

"What a fitting love note from the Biden Administration to our Tampa community on Valentine's Day – this grant will allow HART to significantly reduce operational costs while expanding the Cross Bay Ferry service, helping to grow intercity and commuter ferry service. It will grow a popular transit option between Tampa and St. Pete, reduce congestion, create local jobs, support small businesses and increase connectivity in the Tampa Bay region. In fact, over 90 percent of the CBF passengers patronize restaurants, shops, museums and sporting events in these two urban areas. This investment is a win-win-win for our community and all of our neighbors.

"I look forward to continuing to work with local partners like HART, the City and the County to secure federal funds for multi-modal projects that support our local economy and neighbors," **said Rep. Castor, who championed the project.**

"We are thrilled to have received this grant," **said Hillsborough County Commissioner and HART Chairperson Pat Kemp, a longtime proponent of Tampa Bay ferry service.** "It's a great down payment on permanent service. It just goes to show how strong our ferry project is and the value of our region working together."

The Passenger Ferry Grant program (49 U.S.C. 5307(h)) provides competitive funding for projects that support passenger ferry systems in urbanized areas. These funds constitute a core investment in the enhancement and revitalization of public ferry systems in the nation's urbanized areas. Funds are awarded based on factors such as the age and condition of existing ferry boats, terminals and related infrastructure; benefits to riders, such as increased reliability; project readiness; and connectivity to other modes of transportation. Funding is allocated to projects on a competitive basis, from proposals submitted to FTA in response to Notices of Funding Opportunities. Once awards are announced, funds are available for the year the announcement is made plus five years. See here for more information:

TMA LEADERSHIP GROUP

A Subcommittee of the SCTPA Representing the
MPOs in Hillsborough, Pasco & Pinellas Counties

March 11, 2022 - 9:30 a.m.

Agenda Item

Regional Trails Update

Summary

The SCTPA's Regional Multi-Use Trails Committee continues to provide a forum for aligning local efforts to create multi-county corridors. A tri-county online bike map application has been created, and the printed fold-out map of the full eight-county region has recently been updated and reprinted for public distribution. The committee is currently reviewing the criteria it uses to prioritize trail projects to compete for regional and state funding, such as SUNTrail grants. At the Leadership Group's meeting in June, a proposed update to the priority list will be presented.

Recreational Trails Program, Division of State Lands
Department of Environmental Protection
3900 Commonwealth Blvd., MS 585
Tallahassee, Florida 32399-3000

RE: Support for City of Sarasota grant application for Legacy Trail – Payne Park

To whom it may concern:

The Sun Coast Transportation Planning Alliance supports the City of Sarasota's application for funding for the Legacy Trail – Payne Park (Alderman MURT) Project.

The Legacy Trail is a Priority Trail within the Florida Greenways and Trails System and part of the SUNTrail Gulf Coast Corridor, a focus corridor for the coordinated transportation planning work of the Alliance.

This segment is a logical extension of one of the segments on the Alliance's adopted priority list which is already under construction. The project will extend the trail through the south edge of Payne Park, and the north side of Alderman Street extending to Payne Parkway.

Completion of this project will provide further access to the Alliance's Regional Multi-Use Trails system and will enhance overall user experience by separating cyclists from pedestrians. We encourage funding their application.

Sincerely,

Beth Alden, Hillsborough TPO Executive Director
Winter Quarter Chair, SCTPA Staff Directors

Agenda Item

Legislative Update

Summary

As the 2022 Florida Legislative Session winds to a close, the director of the Florida MPO Advisory Council will provide an update on bills affecting transportation and local governments. In the attached spreadsheet, tracked bills that have passed both chambers and enrolled are identified in green text on the spreadsheet with an (er) behind the bill number.

This will be followed by an overview of this year's crop of budget earmarks. The TMA Leadership Group has discussed legislative member projects, otherwise known as earmarks, on several previous occasions, noting that often they bring no new revenue to the region, and the limited transportation trust fund dollars available in the region are required by law to be redirected. This year, in part because of one-time federal funding, some of the earmarks may actually result in net new funding to the region—assuming there are no line-item vetoes. FDOT staff will provide an update on what is known as of the meeting date.
